

Together in the Fight against Breast Cancer

Thanks to the American Cancer Society and dramatic improvements in cancer research, treatment and early detection, millions of women are surviving breast cancer today.

But that research takes money. Lots of it. To help in this fight, ADC offers a line of themed stethoscopes, shears, and blood pressure equipment.

For each item purchased, we donate 10% of our selling price. For a complete list of related items, visit www.adctoday.com then choose Products, Themed Products, Breast Cancer Awareness.
